CORE COMPETENCIES

JTOA Corporation is a woman-owned, Top Secret-cleared consultancy delivering strategic acquisition, quality assurance, and project lifecycle solutions aligned with evolving federal performance priorities.

Our solutions are grounded in evidence-based methodologies, guided by practitioner research, and designed to optimize mission effectiveness. All frameworks are developed to align with ISO 9001 quality management principles.

Our capability include:

- **Acquisition Lifecycle Support** – regulatory-compliant support from pre-award planning through post-award execution, aligned with FAR, DFARS, and SOFARS
- **Project & Program Management** – milestone-based delivery, risk mitigation, cost integration, and PMO oversight
- **Quality Assurance & Oversight** – audit-ready SOPs, COR file assessments, QA dashboards, and compliance-integrated tracking systems
- **Project Controls & Technical Integration** – budget analysis, risk profiling, KPI alignment, and data-activated decision support
- **Digital Modernization & AI-Driven Automation** – SharePoint-enabled workflows and artificial intelligence-powered process design that enhances acquisition efficiency, equips contract staff, and accelerates mission outcomes
- **Workforce Enablement & Development** – contract management curriculum advising, internal training solutions, and scalable professional development support

OUR MISSION

We are dedicated to transforming challenges into opportunities, driving sustainable success through strategic leadership, and fostering a culture of excellence, integrity, and innovation.

DIFFERENTIATORS

What Sets Us Apart	Why It Matters
100% Subcontracting Success	Proven record supporting both prime contractors and government customers
Top Secret Cleared Staff	Trusted to deliver in secure, compliance-sensitive environments
FAR, DFARS & SOFARS Expertise	Total lifecycle fluency across acquisition, QA, and contract administration
Contributor to CMBOK® VII Edition	Helping shape national standards in contract management and quality oversight
SBIR Registered & 8(a) Application Pending	Innovation-aligned, teaming-ready, and built to scale
Audit-Ready QA Systems	Compliant solutions aligned with ISO 9001 and federal quality expectations
